

# MONEY BREAKTHROUGHS

A 21-day  
money cleanse

JOY. ABUNDANCE. POSSIBILITY.

## Pulling it all together

**Week 3 | Transform**

**Part IX – Pulling it all together**

So here we are – the last lesson of the cleanse. And this is where the true magic can happen. Today we are going to work on pulling it all together. If you have some time, you may want to pause and go back through your worksheets and notes you have made.

Today's [worksheet](#) is designed for you to put all of your thoughts on to one page. You can hang this up in your office, or somewhere you can look at it every day as a reminder. If there is an image that speaks to your dream hang that up next to this worksheet. This may be your dream vacation, your dream house, or a number you want in your bank account.
